MAHADEV PULSES PVT. LTD. MAHADEV OVERSEAS (INDIA)

ABOUT US

In the year 2003, Mahadev Pulses Private Limited was established by 3 dynamic, young brothers in the field of Agro Products. The factory is located at Changodar, Sarkhej-Bavla Road, Gujarat, India. Mahadev Overseas was established with a vision to simplify the procurement of premium agricultural products, providing clients with a seamless and efficient experience. Our ambition has always been to expand globally and establish a strong presence in international markets.

Presently, the company processes and sells rice and pulses with a capacity of 48,000 tons per year. The company has a wide network distribution system and agents present in all major cities of India.

The products are thoroughly checked for compliance with international standards and local authority regulations. Our products and services are of highest standards. Our customers trust us for our consistent high quality products at fair price.

At every stage, our team make sure of highest quality & cleanliness with the specifications as per client's requirement.

MISSION

At Mahadev Overseas, we are committed to bridging the gap between the farming community and businesses worldwide. By eliminating mediators, we ensure that our clients receive products at competitive prices without compromising on quality. Our mission is to provide a seamless, trustworthy experience that helps our partners succeed while promoting ethical farming practices.

VISION

In the near future, we plan on having international branches so that we can establish ourselves as one of the leading exporters in the global market. We aim to be a leading & pivotal company in agri trade by leveraging established relationships, great resources, and a continuing dedication to setting industry standards.
