ABOUT US

In the year 2003, Mahadev Pulses private limited was established by 3 dynamic, young brothers in the field of Agro Products. The factory is located at Changodar, Sarkhej – Bavla Road, Gujarat, India. Mahadev Oversees, a subsidiary company, was launched in 2010.

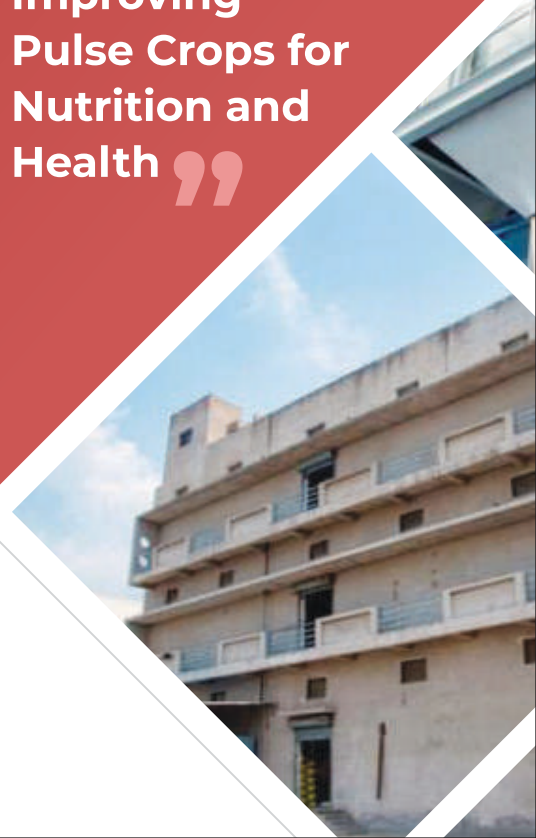

Presently, the company process and sells rice and pulses with a capacity of 31000 tons per year. The company has a wide network distribution system and agents present in all the major cities of India.

The products are thoroughly checked for compliance with international standards and local authority regulations. We are confident that our products and services will meet the highest standards available. Customers can count on receiving consistently high-quality products at a fair price from us. At every stage, our team has made sure that the products from our company are clean and meet the specifications as per the requirements.

MISSION

Mahadev Pulses Private Limited is dedicated to the production of rice and pulses. We are dedicated to providing our consumers with healthy high-quality products and services while keeping the best traditional taste alive with the latest technology and techniques.

VISION

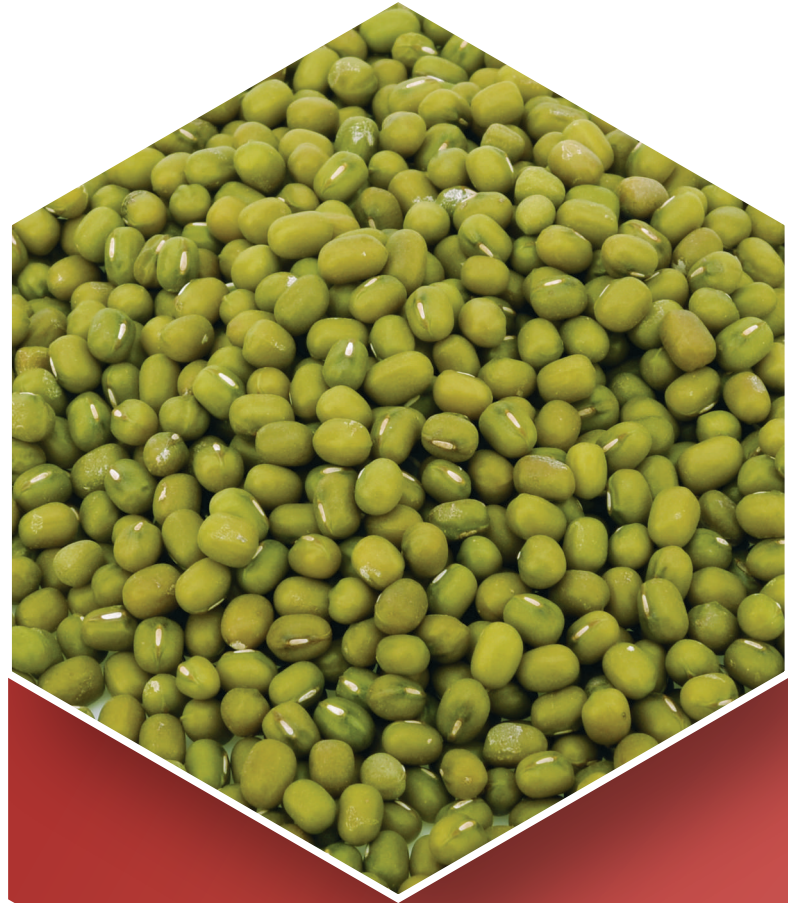

In the near future, we plan on having international branches so that we can establish ourselves as one of the leading exporters in the global market. In the international commodity market, we aim to be a leading and pivotal company in the trade of agro products by leveraging established relationships, great resources, and a continuing dedication to setting industry standards.
